Substance Misuse PHAC Workgroup(s)

Cheri Sullivan, Jennifer Selfridge

- Form provided by Jennifer to gather initiatives happening around the Carroll County related to prevention within the 6 sectors. Suggestions made and information shared:
 - Whitehorse is at Kingswood Youth Center weekly with a Recovery Coach.
 - Challenge in schools –they are doing what they can but they are focused on education and the biggest concern is after school/family
 - Some kids are dealing with homelessness and family members dying of cancer
 - Kingswood should showcase programs like Future Farmers
- Treatment and Recovery should be treating the whole person, move towards creating a positive culture
- Cheri submitted needs assessment for BDAS will report back when review is complete
- Coc working to educate physicians provide training on pain relief
- Information on “Ambulatory Detox” to be researched and provided

Resource Guide Revision

Cheri Sullivan

- Content to include what treatment looks like, what questions to ask and what to have before going into treatment, Important of an assessment and who can do the assessment, when is detox needed, definition of frequently used acronyms
- Format would be helpful to continue the booklet format and a simple wallet card for EMT to leave behind
