Early Identification / Intervention Priorities Addressed:

1. To **Collect information about local Emergency Department responses** to overdose; Explore opportunities to promote more effective continuum of care transitions.
2. **Collect information about local school and community-based efforts for screening, early identification and intervention activities that prevent early first use** of tobacco, alcohol and other substances at or before ages 12-14; Explore opportunities for expanded screening.
3. To **deliver community education activities related to Trauma Informed Care**.

Treatment Priorities Addressed:

1. In partnership with NH Providers Association, regional health care collaboratives, **facilitate a group of SUD treatment providers** in the region to promote communication and collaboration.
2. In partnership with local treatment providers, promote activities **to raise awareness for a Trauma Informed Community, and public understanding of addiction as a chronic illness**.
3. In partnership with local and regional resource and referral networks, **build and maintain a current listing of existing treatment services and raise community awareness of the need for expanded local treatment options**, accessible to Medicaid, Medicare, and the uninsured.

Recovery Supports Priorities Addressed:

1. In partnership with local recovery support organizations, social service providers and local media, **facilitate public health messaging that promotes a recovery supportive community**.
2. To **actively participate in local collaboratives that seek to expand capacity for services** related to housing and homelessness.
3. To **actively participate in local collaborations that seek to expand capacity for transportation** options for individuals to access treatment and recovery support services.

Next Meetings: Feb 5, Apr 2, Jun 4

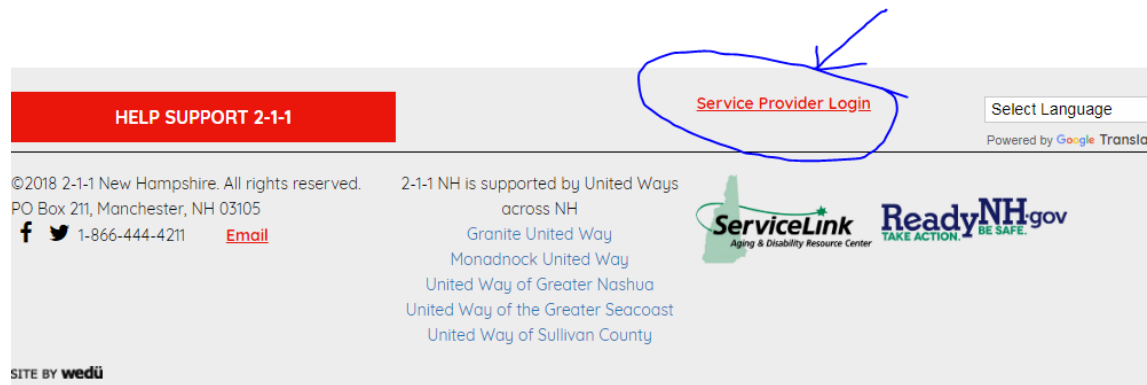

Group generated list of ground rules:

- Respect the ideas of others *and* add your own:
“I like your idea AND I share an idea of mine...” (rather than “BUT”);
- Encourage participation of all;
- Create clear action items;
- Use time keeper as needed, start/end on time;
- Give time for review, debate & discussion, especially to inform new members;
- It is OK to agree to disagree (disagreement ≠ opposition);
- Keep solution focused.

NH 2-1-1 – Granite United Way – 1-866-444-4211

Is your organization listed? Go to <https://www.211nh.org/> to find out.

On the bottom of the website homepage there is a “Service Provider Login”

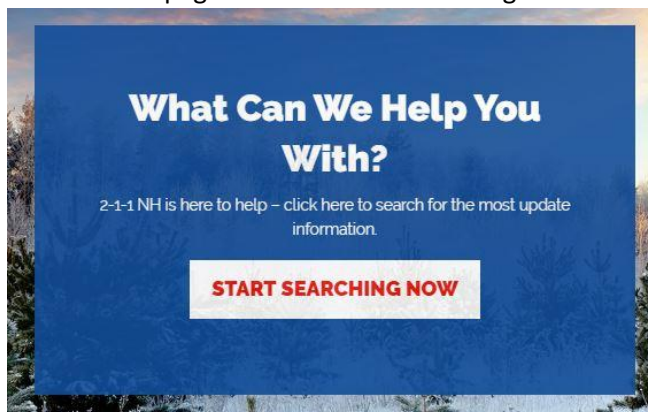

Do you have a “Service Provider Login” or designated staff member to manage the listing?

Need to call someone at NH 211?

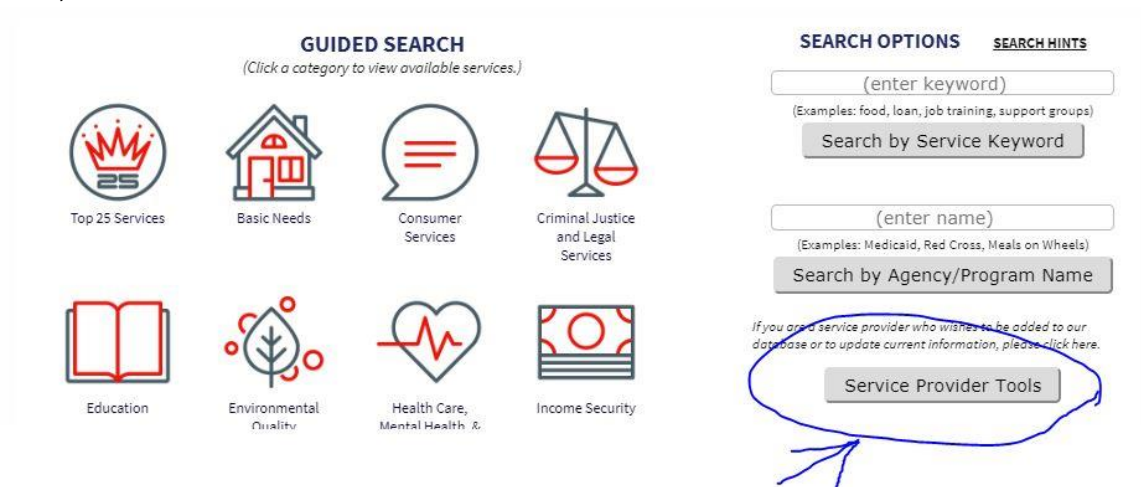

I don't have a login but I would like to input information about our organization.

1. On the homepage click on “Start Searching Now”

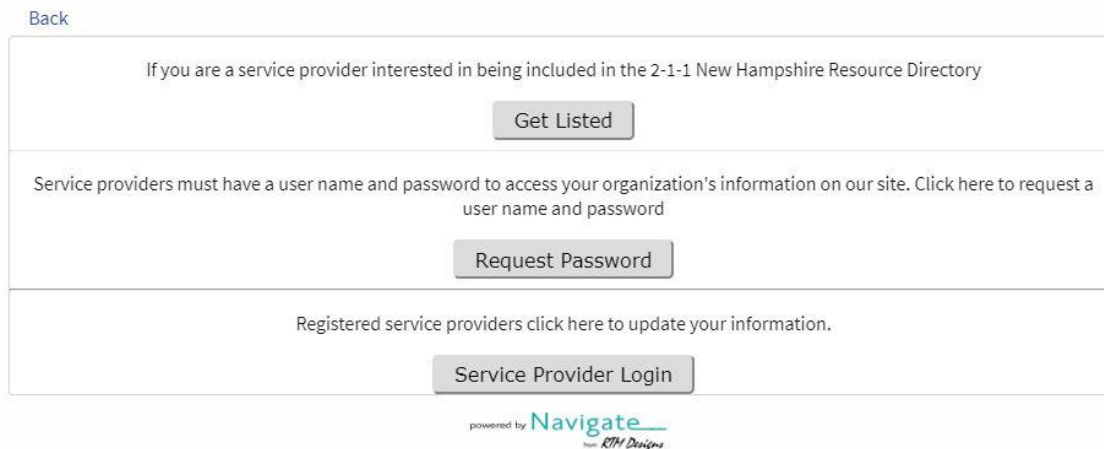

- Then, click on the button “Service Provider Tools”

- There you will find choices to start the process to get listed, to request a password, or, for existing providers, to login and update your information.

Service Provider Tools

Ideas:

- Familiarize your staff with the NH 211 website
- Train staff to direct clients and consumers to the site.
- Designate a staff person to manage your organization’s/program’s listing on 211. Large organizations may have a list of various programs that list services.
- Create a calendar reminder once a year or more to review your organization’s listing, create a new listing for services or update existing listings with current, accurate information.
- Promote NH 211 as a resource for your staff internally within your organization.
- Promote NH 211 as a resource for the people you serve. Promote it in your publications, social media, newsletters, and other media outlets. Stock 211 cards in your lobby, waiting room.
