Early Identification / Intervention Priorities Addressed:

1. To **Collect information about local Emergency Department responses** to overdose; Explore opportunities to promote more effective continuum of care transitions.
2. **Collect information about local school and community-based efforts for screening, early identification and intervention activities that prevent early first use** of tobacco, alcohol and other substances at or before ages 12-14; Explore opportunities for expanded screening.
3. To **deliver community education activities related to Trauma Informed Care**.

Treatment Priorities Addressed:

1. In partnership with NH Providers Association, regional health care collaboratives, **facilitate a group of SUD treatment providers** in the region to promote communication and collaboration.
2. In partnership with local treatment providers, promote activities **to raise awareness for a Trauma Informed Community, and public understanding of addiction as a chronic illness**.
3. In partnership with local and regional resource and referral networks, **build and maintain a current listing of existing treatment services and raise community awareness of the need for expanded local treatment options**, accessible to Medicaid, Medicare, and the uninsured.

Recovery Supports Priorities Addressed:

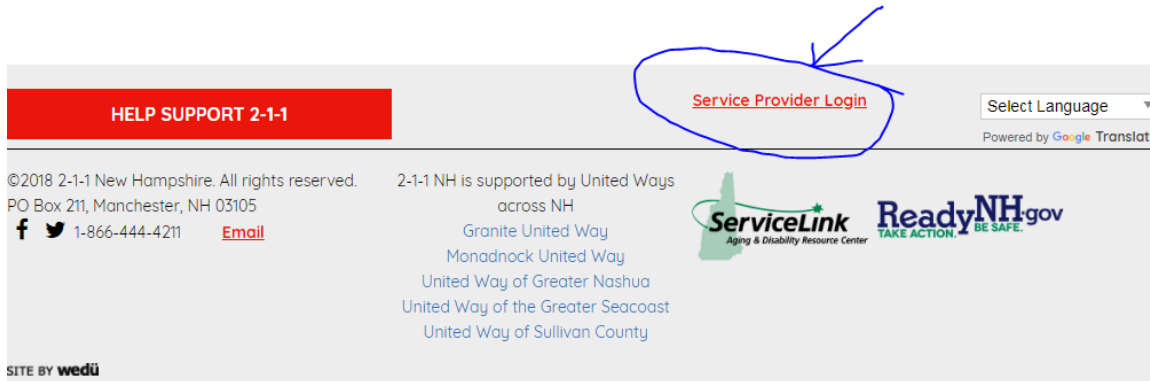

1. In partnership with local recovery support organizations, social service providers and local media, **facilitate public health messaging that promotes a recovery supportive community**.
2. To **actively participate in local collaboratives that seek to expand capacity for services** related to housing and homelessness.
3. To **actively participate in local collaborations that seek to expand capacity for transportation** options for individuals to access treatment and recovery support services.

Is your organization listed? Go to <https://www.211nh.org/> to find out.

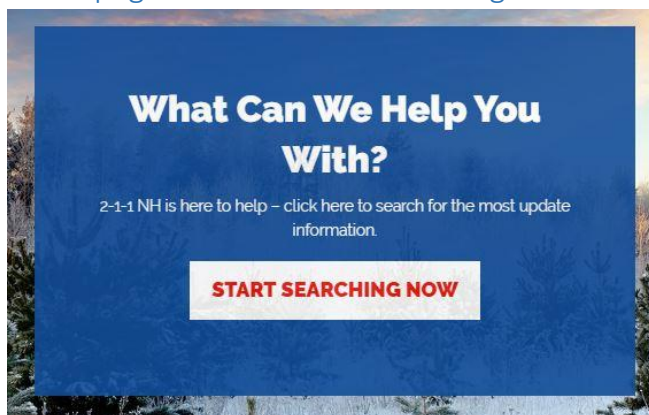

On the bottom of the website homepage there is a “Service Provider Login”

Do you have a “Service Provider Login” or designated staff member to manage the listing?
Need to call someone at NH 211?

I don't have a login but I would like to input information about our organization.
On the homepage click on “Start Searching Now”

Then, click on the button “Service Provider Tools”

There you will find choices to start the process to get listed, to request a password, or, for existing providers, to login and update your information.

Service Provider Tools

Ideas:

- Familiarize your staff with the NH 211 website
- Train staff to direct clients and consumers to the site.
- Designate a staff person to manage your organization’s/program’s listing on 211. Large organizations may have a list of various programs that list services.
- Create a calendar reminder once a year or more to review your organization’s listing, create a new listing for services or update existing listings with current, accurate information.
- Promote NH 211 as a resource for your staff internally within your organization.
- Promote NH 211 as a resource for the people you serve. Promote it in your publications, social media, newsletters, and other media outlets. Stock 211 cards in your lobby, waiting room.
