Peer Support for NH Youth with Substance Use Challenges

Creating Connections NH is building supportive recovery communities called Alternative Peer Groups (APGs) for youth and young adults with substance use challenges. APGs offer young people a chance to connect at least once a week with peers in an environment that is fun, safe, substance-free, and recovery-focused.

Alternative Peer Groups provide...

- Connection through a supportive peer environment
- Fun, substance free activities
- Sense of belonging
- Focus on health and wellness

More than just meeting up...

- APG Facilitators are trained recovery support professionals
- Youth help choose fun group activities that match their interests
- Opportunities for family/caregiver involvement

Connect with a Group in Your Area

From NH 988

After the start of a new school year, we write to share messaging and resources related to 988 and the New Hampshire Rapid Response. Please help us to make sure students, families, and educators across the state are aware of these resources that provide support **24/7, 365 days/year**.

In New Hampshire, 988 expands our existing crisis response landscape; it supplements, but does **not** replace, New Hampshire Rapid Response (NHRR). NHRR provides call, text, and chat services to children, youth, and adults experiencing emotional distress, overwhelm, a mental health or substance misuse crises. Crisis is defined by the person who is calling and there is no wrong reason to call.

**Note:** If you need someone to talk to, 988 is a great option. If you are dialing from a NH area code, chances are good you will reach a NH Lifeline Center, however, if you feel you may need someone to respond in your community, such as an appointment at a community mental health center or a mobile crisis team coming to your location, you should call the NHRR at **833-710-6477**. NHRR is the primary way to get an in-person response to a crisis with trained clinicians and peers.

**Quick facts about 988**

- Calls, text, and chat to 988 route individuals seeking mental health support to trained counselors with the 988 Suicide and Crisis Lifeline.

- Like NH Rapid Response, 988 is confidential, free, and available 24/7/365 (all day, every day!).

- 988 is a resource for you to use for yourself and with/for students and families who need help or support.

- 988 provides an alternative to calling 911 or going to the emergency department during a mental health crisis.

- Call support through 988 is available in English or Spanish.

**What can you do to help spread the word?**

- Share this message! Forward this email and resources to colleagues and families. Talk about 988 with students and families.

- Print and publicly display 988 resources from the NH DHHS Behavioral Health webpage ([https://www.dhhs.nh.gov/programs-services/health-care/behavioral-health](https://www.dhhs.nh.gov/programs-services/health-care/behavioral-health)). Check the website often for updates and new resources.
• If you or someone you know is struggling or in crisis, help is available. Call or text 988 or chat 988lifeline.org.

• For NH Rapid Response, including the ability to have a mobile crisis team come to you in the community if needed, call or text 833-710-6477 or chat nh988.com.

Suicide Prevention Resources for Schools

Help put suicide prevention on the agenda for the new school year by using and sharing these materials:

• Suicide prevention resources for middle school and high school settings

• Information sheets to help high school teachers and mental health providers prevent suicide

• Resources for teens who may be at risk

• A toolkit to help middle and high schools respond to a student suicide death

• Guidance on implementing trauma-informed practices in schools

For the most up to date information, graphics, talking points, and FAQs, please visit the New Hampshire Department of Health and Human Services Behavioral Health webpage.

With feedback or questions contact Jenny O’Higgins (Jennifer.OHiggins@dhhs.nh.gov) with the Division for Behavioral Health at the NH Department of Health and Human Services.

Thank you for raising awareness of these critical resources for students and families.

Jenny O’Higgins, Senior Policy Analyst
Division of Behavioral Health

Hello IDN Partners,

NCHC is pleased to be offering and providing continuing professional education credits for the following Substance Use Disorder (SUD) focused trainings tailored to healthcare providers and others that work with patients or clients.

Checkout:

- **Oct 19 - June 21 (3rd Wed each month):** Substance Use Disorder ECHO series: Fostering Connections to Drive Assessment, Treatment & Outcomes

- **Oct 4:** Reducing Drug Related Harm: Spotlight on Overdose & Brain Injury

I hope you and your staff will be able to benefit from these learning opportunities. See the event flyers below.

Best,

Kris
