Cathy Livingston CU – Looking at different ways to support families. Resources/referrals – making personal connections has helped families. Seeing a lot of concrete needs – food, car repairs, rent. Just starting to meet with families at site, typically outside and will continue weather permitting.

Sheryl Power Kingswood Regional – trying to get word out to students regarding free breakfast and lunch, and parents can come on Wednesdays to pick up food. Trying to get people's basic needs met. Very few discipline issues and inter-student issues.

Deb Bunting – Outreach GWHS - appreciate the Wednesday in person delivery of meals, mentioned school board used language "free to those that need it" , concurs with need to adjust language. Homeless liaison completed first assessment, 74 homeless students for fall (somewhat normal) however, winter tends to increase

Heather Phillips - Memorial Hospital seeing an uptick in behavioral health (IMAT) intake, feedback is concerns of housing with upcoming colder weather and stimulus monies no longer available. ED update pending/majority is mental health/SUD

Eric Moran White Horse– still moving ahead with 28 day program, waiting to appeal (neighbors don't want them in the area) getting pushback so need to see it through. ****forgot where they are doing this, can you fill in?** Prevention Wednesday with Kingswood – zooming in on Tues and Weds nights. New meet and greet and trying to come up with a virtual version for 7th graders. At Ossipee Area Community Center – applied for temporary permit to occupy, to open on Sat nights to give the kids a place to go, youth numbers skyrocketing
